# A Word from the President

Bob Hawkins

By now everyone is in full swing going into the fall business season. Traditionally it's a time to plan for those sessions with rich colors and winter clothes while keeping one eye on the last days of October when most of the outdoor photography comes to an abrupt end. However, on the last weekend of October PPI is planning the second annual Fall Conference at the Airport Holiday Inn in Des Moines. We have a great lineup of talent and I hope you will plan for it on your schedule.

Also, please mark your calendar for November 13th for my competition college to be held in Newton at our studio. Plan to bring those images you will want to enter into competition on CD. We'll look at them together and break them down to each image's strengths and weaknesses. I hope you will go away ready to get involved with our PPI print competition to be held in conjunction with the winter conference in February and the HOA regional competition in the spring. It's the dos and don'ts of competition.

We are putting the finishing touches on our lineup of speakers and judges for the winter seminar and planning for some fun too!

PS From Sari: She says "if we are not reading the PPA magazine, we are missing a great source of information about all sorts of topics from sales to technology."

## About the Cover

"He Lights the Way" by Adam Hunter

This image is a collage of 3 different photos. I shot the church near Killarney, Ireland through the window of a moving car. It was raining and I didn't have time to stop. The shoreline was captured from a bridge in a small Irish town I drove through. The sky was photographed in Palm Springs, California. I corrected and assembled the images using Adobe PhotoShop. I chose to make the image black and white because it fit the mood I wanted. I am very pleased with how this image turned out considering it was shot at three different parts of the world.

## In Memorium

Sara Margaret Fishman, 83, passed away at her home in Grinnell on Tuesday, July 11, 2006 three days before her 84th birthday.

Sara was born on July 14, 1922 in Birmingham, Alabama, the daughter of Oscar and Pauline Elsie Mayer. She was raised in Oklahoma City and attended the University of Oklahoma where she met her husband, Irving. They were married on July 25, 1942 and had two daughters.

After moving to Grinnell in 1948, she worked for several photographers before starting her own business, Portraits by Sara, in Newton in 1970. During her career, she served as President of the Professional Photographers of Iowa and the Heart of America PPA. Sara received the prestigious National Award from both organizations, and was a PPA Master of Photography. She was also involved in numerous volunteer projects in both Newton and Grinnell. Sara retired and closed her studio in Newton in December of 2005. She was voted a PP of Iowa Life Member just this year by the PPI Board of Directors.

Sara is survived by two daughters, Elaine Fishman Sherp of Dallas, Texas and Paula Jeanne Rosenstein and her husband Matthew of Corpus Christi, Texas; five grandchildren and one great-granddaughter.

## CPP Studio Tour

The CPP's held a studio tour of central Iowa studios on June 26th. The group started at *Lon Monahan Photographic Artist* in Ankeny. Lon gave us a tour of his studio and we enjoyed looking at his beautiful work on display. He shared with us the way he lights his portraits as well. The group then stopped for lunch which was included in the price of the tour. Next we headed to *Blaser Photography* in West Des Moines. Paul and his staff shared with us his many unique ideas for backgrounds, weddings, proofing books, different products and more. We finally tore ourselves away and drove to the countryside of Hartford to tour *Images by Lynda Richards*. Linda had a gorgeous new studio built as an addition to her house and she showed us many ideas for backgrounds and props as well as her outdoor areas. Our final studio to tour was at *Captured Expressions* in Indianola where Mark Veasman and his staff shared with us their many ideas for homemade backgrounds, etc. and his senior marketing, as well as his limited edition sets and ideas for children's photography.

It was a fun day packed with many ideas being shared. Everyone was impressed with the quality of work on display in these studios.

Next year we will be having our bi-annual trip. The destination is yet to be determined so please watch for further updates. If you are not a CPP yet, start thinking about taking the test so that you too can come along and benefit from the information we share with each other as well as the fun we have together.
