Weekly

Week of February 22, 2010:

1) **WANTED:** Arnold Clark Photography, is looking for a full or part time Photographer, work Tuesday through Saturday, They must be able to make friends instantly, have a great positive attitude. Sure, we look at experience when we hire, but we'd hire someone with less experience if they always have a smile on their face, and an instantly likable personality.

Their job will be high school seniors, baby's, couples and families, both outdoor and inside. The studio is one of the busiest in the Midwest. Also a wonderful place to work..

Please contact

11) Photo Assistant: I recently moved to the area from the east and I am looking for work both as a photographer and as an assistant for professional photographers in need. I have attached my resume. Most of my experience is with Sean Kernan Studio in Branford, Connecticut, who has been a photographer and teacher for over 30 years. He would be happy to be a reference for me. I could also call on others but I have worked with him for the longest. We have done a great deal of commercial and editorial work, both in studio and on location. I have also helped him with his fine art work as well. My responsibilities have been both set ups and break downs as well as a great deal of work flow and archiving. We worked mostly in digital, with Hasselblads, Canon and my personal camera is a Nikon. I hope to continue my own work as a photographer, with my most recent shows in Vermont, but as I am new to the area and most of my experience is as a photo assistant, I hope to get into the market by helping professional photographers that may need an assistant with their various assignments. Freelancing is fine. Please forward my information to any of the members of your organization that may need help. I'd be happy to answer any other questions you might have.

My email is: mcbarturum@gmail.com

my home address is: 1317 44th Street Des Moines, IA 50311

My cell number is: 802 522 3135

Thanks so much.

Sincerely,

Maria Consoli Bartrum

12) BUSINESS OPPORTUNITY:

Business Opportunity: Become a working partner, and manage a portrait - wedding based studio, in a growing community. Master Craftsman photographer wants to retire, but will stay on to help train if needed. Be your own boss and work with other talented people to build your own business. Qualified staff will help you grow the business. This is perfect situation for a talented person, who needs time or a place to grow. Or for an experienced person to take off and fly. Buyout is a positive out come for long term. Full digital lab in house with staff to manage. Photographer must have college training or have experience and a desire to build their business.

Only serious inquires please. Contact apstudio@hickorytech.net Located in Mankato, MN
